For six generations the Kuhl family has been farming coffee. Today, the tradition continues as mother and daughter collaborate to both grow coffee at the family farm in Nicaragua and roast it locally through JavaVino in Atlanta. It's the true seed-to-cup experience.

Single Varietal coffee! The largest beans of the Selva Negra varieties. This lighter bodied coffee has flavors of sweet-citrus and delicate nuttiness in the finish.

* Espresso Blend Selections **\$CONTACT US**

JavaVino Espresso – our most traditional espresso blend, combining 4 different beans (with our Selva Negra as its base), to create a pull with lots of body, rich chocolate, and sweet intensity. This medium roasted espresso is a shop favorite.

JavaVino Espresso - Dark – for those that like a slightly darker roasted espresso, and increased complexity, this espresso is for you. We blend and roast this coffee specially for pulling shots, but also try it as pour over and see all the possibilities.
